Joe's Adventure in Futureland

In the year twenty twenty-one, An intelligent boy called Joe was working hard in a science lab in Kwai Hing, He was inventing a time machine. Joe looked at the tablet and said 'I will be risking my life for this.'

Joe pushed a button and stepped through the portal, he ended in a land he has never seen before. Joe saw a robot nearby and asked, 'What year am I in?' The robot replied in a robotic voice, 'You are in year twenty fifty-nine.'

The robot looked hard at Joe, 'You seem new here, do you want me to show you around?' He asked, 'Yes, please!' Joe cried. So the robot took Joe to a park, they saw a giraffe with ~~a~~ duck's body 'What a funny animal!' Joe laughed. Suddenly, Joe's

tummy grumbled, and the robot took him to a ^{restaurant} ~~restrant~~, they served them chocolate pudding and a very ^{special} sandwich, it changed flavour every time you bite it, 'This is the best lunch ever!' Joe said while licking his lips. ✓

Joe liked ~~it~~ here very much, but ^{he} missed home, 'I want to go home.' The robot took him to the portal, Joe asked, 'What's your name? I want to know everything so I can tell my family.' 'Roland.' the robot replied. But Joe yelled, 'Roland! Aren't you my best friend's little brother?' The robot was surprised and he stepped backward and broke the machine. 'What am I going to do now?' Joe wondered.

Joe had an idea, 'Do you have some tools?' He asked the robot, The robot handed him

some tools. Joe began fixing it. 'Will you go home safely?' he asked ~~after~~ ^{after} Joe finished ^{fixing}. 'I only know that it may not work anymore, but we will have to try.' Joe stepped through the machine and he was back in his own time. 'That was amazing! I must try it again next time.' he laughed.
